as a Over The Road Driver I depend on my XM service for up to date trafic and weather to navigate thew the differant city's to avoid any delays on my trip.I'm not shure what the NBA's trying to prove with this 04-160 petition, but I'm not seeing them making any changes to improve the service providers they represent. I pay for my XM Service not becouse i have to but becouse I choose to. the XM Radio Service is one of the BEST THINGS that could of happend for the Driving Industry, uninterrupted raido coast to coast, whatever your tast is it's all on XM. If I had a choice between am/fm (FREE) or XM Service (\$10 mounth) I'm still paying XM,and I would continue to pay even if the service was \$100 a mounth becouse it's worth the money, and now drivers can pay better attenchen to there driving insted of fumbling for an AM/FM station or tying to find a CD or Tape. The Driving Industry is a very lonely Job, as a solo driver and XM provides a new sorce of intertainment to get that solo driver from point A to Point B Safly. Please XM Raido is a GRATE service pay no attention to the NBA!! I Pay for this service becouse no one on AM/FM can offer coast to coast, comercial free, uninterrupted Music, Talk,weather, Comity, Sports..... the list goes on and on. Please don't silence Satellite Raido.
